

ImpARAS

Improving Allergy Risk Assessment Strategy for new food proteins

Agenda for the first WG meeting Thursday March 12th 2015

Overview

Time	Topic
12.00-13.00	Registration
13.00-14.30	Plenary session; Introduction to ImpARAS + Overview Food Allergy
14.30-15.00	Coffee break
15.00-17.00	Plenary session; Introduction working groups
17.00-18.30	Parallel sessions per working group; work plan year 1
18.30-20.00	Diner / Buffet
20.00-21.00	Parallel sessions per working group; work plan year 1

Plenary Session; Introduction to ImpARAS and overview Food Allergy

Chair: Kitty Verhoeckx, Rapporteur: Astrid Kruizinga

Time	Topic	Speaker
13.00-13.20	Welcome and Introduction to Cost Action ImpARAS	Kitty Verhoeckx
13.20-13.55	Food Allergy	André Knulst
13.55-14.30	Risk assessment current strategy	René Crevel

Plenary session; Introduction Working groups

Chair: Kitty Verhoeckx, Rapporteur Astrid Kruizinga

Time	Topic	Speaker
15.00-15.30	Introduction to WG1: Physical chemical properties impacting allergenicity	Gabriel Mazzucchelli
15.30-16.00	Introduction to WG 2: <i>In vitro</i> methods to predict sensitization	Erwin Roggen
16.00-16.30	Introduction to WG 3: <i>In vivo</i> methods to predict sensitization	Katrine Lindholm Bøgh
16.30-17.00	Introduction to WG 4: Risk assessment and dissemination	Anne Constable

Parallel session per Working Groups; Work plan year 1

Chair: WGL, Rapporteur: dWGL

Time	Topic
17.00-17.30	Work plan proposal first year
17.30-18.30	Discussion about work plan
20.00-21.00	Finalize work plan and decide on activities, timelines, responsibilities and communication

impARAS

Improving Allergy Risk Assessment Strategy for new food proteins

Agenda for the first WG meeting Friday March 13th 2015

Overview

Time	Topic
09.00-10.00	Plenary session; Work plan for year 1 per WG
10.00-10.30	Coffee break
10.30-12.00	Plenary session; Reference set of proteins part I
12.00-13.00	Lunch
12.00-13.00	Steering Committee Meeting
13.00-15.00	Parallel sessions per working group; Reference set of proteins
15.00-15.30	Coffee break
15.30-16.40	Plenary session; Reference set of proteins part II
16.40-17.00	Closing

Plenary Session; Work plan for year 1 per WG

Chair: Kitty Verhoeckx, Rapporteur: Astrid Kruizinga

Time	Topic	Speaker
9.00-9.15	Work plan for year 1 WG 1	Karin Hoffmann-Sommergruber
9.15-9.30	Work plan for year 1 WG 2	Erwin Roggen
9.30-9.45	Work plan for year 1 WG 3	Liam O'Mahony
9.45-10.00	Work plan for year 1 WG 4	Ben Remington

Plenary session; Reference set of proteins part I

Chair: René Crevel, Rapporteur: Jolanda van Bilsen

Time	Topic	Speaker
10.30-11.00	Food allergens (family and characteristics)	Clare Mills
11.00-11.30	Interest of a reference set of proteins from an <i>in vitro</i> and <i>in vivo</i> model development point of view	Jason Ward
11.30-12.00	Interest of a reference set of proteins from a risk assessment point of view	Geert Houben

Parallel session Working groups; Reference set of proteins

Chair: WGL, Rapporteur: dWGL

Time	Topic
13.00-15.00	Discussion about the desired reference set of proteins for the specific working group. If possible, formulate conclusion. If not, formulate actions to come to the conclusion

Plenary session; Reference set of proteins part II

Chair: Invited speakers plenary session, Rapporteur; Astrid Kruizinga, Jolanda van Bilsen

Time	Topic	Speaker
15.30-15.40	Feedback from parallel session WG1	Karin Hoffmann-Sommergruber
15.40-15.50	Feedback from parallel session WG2	Erwin Roggen
15.50-16.00	Feedback from parallel session WG3	Liam O'Mahony
16.00-16.10	Feedback from parallel session WG4	Anne Constable
16.10-16.40	Discussion about the reference set of proteins	Invited speakers day 2

Closing

16.40- 17.00	Summary & Closing of the meeting	Kitty Verhoeckx
